No public testimony.

Julia went over Brian's report

Pat moved to accept Brian's report / Joe 2nd. Motion passes unanimously.

Executive team report: Gina manning table, not present to give report

Chris: Parking report. Went over the presentation given by Alvina during the parking presentation.

Discussion about getting trainers for the community / law enforcement.

- Julia sent an email out to recruit trainers and had a great response. EXPAND; independent center; adaptive adventures; legal center; parent to parent; if we know of other agencies that we could get some spokes people, that would be great. Julia hasn't

heard from anyone from Greely, so if anyone has connections there we could reach out.

- Brock suggested the disabled athletic community; Julia will send Brock the email she sends out so that he can pass it on. Please send this to Billy and Stetson as well as Mindy for Olympic center

Once people are identified. We will provide training and then we will call on them to go out and do presentations either on their own or with other council members.

**During the June meeting council will finalize members who are attending and helping with the table.

Brock from Billy goat shared posters and locations that posters are placed in.

- Over 30 locations.
- Campaign runs through June 30th.
- Julia, confirmed that our new budget will be available in July.
- Brock will put together a written proposal for the next year with some proposals of new areas to put posters.

Bob reports that some 200-250 attended events. He will email Julia the numbers for each of his events

Lorie from 303 joined our meeting:

Lorie pulled up the website and the council Facebook page.

- Lots of changes with the roll out of the new logo. Quite a bit of changes in navigation of the website as well, 303 has done a lot of work to make it user friendly.
- Excuses vs reasons has been turned into a “subsite” of the website.

She looked into analytic data as well:

- Example given from April 1, 2015 – April 1 2016. There have been increased in: Sessions = website being used more 93%
- Page views: accessing more of the site 65%. Page views peaked at the time of the digital and television ads running.
- Average time per session has increased by 77%

Brock suggested that Chris Hinds coordinate a meeting between Billy Goat, 303 and Alvina to strategize on a collaborative goal.

Lorie went through the navigations items so that we could see how to search for things within our web page. There is a direct link to like our page on FB without leaving the webpage which is beneficial because often time when you leave a website to like a Facebook page, you don't go back.

Additional discussion about getting a “council forum” up on the web page. Lorie will send a couple of examples of urls that are available so that the council can decide on them before our next meeting.

Joe motioned to adjourn Greg 2nd. Meeting adjourned.
